# JODHPUR RAILWAY.

FROM,

MAJOR J. W. GORDON, O B E

*Manager.*

TO,

THE SECRETARY,

RAILWAY BOARD,

*S i m l a .*

*Jodhpur the 2nd July 1926.*

SIR,

I have the honor to submit herewith my report for the financial year 1925-26 on the working of the Jodhpur Railway comprising Jodhpur Railway (Jodhpur Section), the Jodhpur-Hyderabad, Mirpur Khas-Jhudo, Mirpur Khas-Khadro and Pipar Bilara Light Railways.

## ANNUAL REPORT.

The following statement brings into prominence the more important features of the operation of the Jodhpur Railway during the year 1925-26 together with similar information for the year 1924-25 —

<i>Mileage open on 31st March 1926.</i>	1924-25		1925-26	
	<i>Metre Gauge</i>	<i>Narrow Gauge</i>	<i>Metre Gauge</i>	<i>Narrow Gauge</i>
1. Single Line ... ..	833 17	25 25	841 57	25 25
2. Double Line ... ..	..	..	..	..
3. Total Route Mileage ...	833 17	25 25	841 57	25 25
4. Total Track Mileage .	938 75	26 02	962 06	26 02

29 Number of employees	No 7,388		No 7,239	

At the close of the year 1925-26 the total capital, including construction and suspense, invested in the Jodhpur Railway was :—

Railways.	1924-25.	1925-26.	Increase
	Rs	Rs	Rs
Jodhpur Railway (Jodhpur Section) .	3,05,01,197	3,41,81,037	36,79,840
Jodhpur-Hyderabad Railway ..	54,16,928	58,08,534	3,91,606
Mirpur Khas-Jhudo Railway .	8,29,021	8,38,774	9 753
Mirpur Khas-Khadro Railway ..	8,35,396	8,49,869	4,473
Pipar Bilara Light Railway	2,92,956	2,92,956	...

The property brought in to the owners the following return on the Capital Outlay —

Railway	Capital Outlay on Open Line		Return on Capital Outlay	
	1924-25	1925-26	1924-25	1925-26
	Rs	Rs	Rs	Rs
Jodhpur Railway (Jodhpur Section)	2,96,57,795	3,32,67,160	11 94	6 40
Jodhpur-Hyderabad Railway ...	54,16,928	58,08,534	15·24	5·15
Mirpur Khas-Jhudo Railway	8,29,021	8,38,774	20 27	22 54
Mirpur Khas-Khadro Railway	8,35,396	8,39,869	11 78	13 02
Pipar Bilara Light Railway	2,92,956	2,92,956	6 19	7 36

**Cross Earnings**—The gross earnings from all sources of the several Railways comprising the system amounted to Rs 92,79,972 in the year under review as compared with Rs. 1,14,93,524 in the previous year. That is to say the gross earnings in the year under review were Rs 22,13,552 less than those in the previous year.

The gross earnings of each of the Railways comprising the system are given below together with similar figures for the year 1924-25 :—

Railway	1924-25	1925-26	Increase	Decrease
	Rs	Rs.	Rs	Rs
Jodhpur Railway (Jodhpur Section)	81,49,464	64,04,157	..	17,45,307
Jodhpur-Hyderabad Railway	28,49,877	23,29,536	.	5,20,341
Mirpurkhas-Jhudo Railway ..	2,80,024	3,15,051	35,027	.
Mirpurkhas-Khadro Railway ..	1,64,042	1,82,223	18,181	.
Pipar Bilara Light Railway ..	50,117	49,005	...	1,112

**Net Earnings**—The net earnings from all sources of the several Railways comprising the system amounted to Rs. 27,48,501 in the year under review as compared with Rs 46,50,504 in the previous year. The decrease in the net earnings in the year under review is therefore Rs 19,02,003

The net earnings of each of the Railways comprising the system are given below together with similar figures for the year 1924-25 —

Railway.	1924-25	1925-26	Increase	Decrease.
	Rs.	Rs	Rs.	Rs
Jodhpur Railway (Jodhpur Section)	35,10,524	21,29,661	...	14,10,860
Jodhpur-Hyderabad Railway ...	8,25,393	2,98,906	...	5,26,487
Mirpur Khas-Jhudo Railway ..	1,68,015	1,89,031	21,016	..
Mirpur Khas-Khadro Railway ..	98,125	1,09,335	10,910	..
Pipar Bilara Light Railway ...	18,147	21,565	3,118	..
Total .	46,50,501	27,48,501	...	19,02,003

**Operating Ratio**—The combined operating ratio of the several Railways comprising the system as a whole was 70.38 in the year under review as compared with 59.51 in the previous year

The operating ratio of each of the Railways comprising the system is given below together with similar figures for 1924-25 :—

	1924-25.	1925-26.
Jodhpur Railway (J Section) ...	...	56.56
Jodhpur-Hyderabad Railway .	.	71.01
Mirpur-Khas Jhudo Railway		40.00
Mirpur Khas-Khadro Railway ...	..	40.00
Pipar Bilara Light Railway	.	63.79

**Passenger Traffic**—The earnings from passenger traffic of the several Railways comprising the system amounted to Rs 39,54,552 in the year under review as compared with Rs. 39,31,537

The increase in passenger traffic earnings in the year under review is therefore Rs 20,015

The following table gives similar information for the various railways comprising the system —

Railway.	Year	Number.				Earnings in Rupees			
		1st	2nd	Inter	3rd	1st	2nd	Inter	3rd.
Jodhpur Ry	1924-25	3,440	15,614	34,990	1,988,077	48,958	1,33,154	86,736	23,90,875
	1925-26	3,028	15,486	38,603	2,075,821	57,892	1,19,901	80,128	23,42,697

Mirpurkhas Jhudo Ry	1924-25	171	1,100	7,563	195,993	912	2,628	7,641	1,28,670
	1925-26	188	1,314	8,331	229,686	792	2,980	8,003	1,41,865
	Inc+ Dec—	+17	+214	+768	+33,693	—120	+352	+362	+13,195
Mirpurkhas-Khadro Ry	1924-25	106	825	6,634	195,577	808	1,918	5,584	1,22,156
	1925-26	161	1,015	8,101	229,722	965	2,229	6,886	1,30,257
	Inc+ Dec—	+55	+190	+1,467	+34,145	+157	+311	+1,302	+8,101
Pipar Bilara Light Ry	1924-25	25	408	..	75,979	116	694	.	32,638
	1925-26	44	437	..	82,411	161	618	...	34,233
	Inc+ Dec—	+19	+29	..	+6,432	+45	—76	.	+1,595

The increase in the number of passengers travelling is almost universal. There has however been a loss of earnings on the Jodhpur Railway, particularly under third class. This is mainly due to the reduction in fares introduced in 1924.

**Goods Traffic**—The total earnings from goods traffic of the several Railways comprising the system amounted to Rs 44,07,435 as compared with Rs 67,14,508 in 1924-25.

The decrease in the goods earnings in the year under review is therefore Rs 23,07,073.

The weight carried, in the year under review, was 756,856 tons as against 1,057,201 in 1924-25 *i.e.*, a decrease of 300,345 tons.

The following table gives similar information for the various railways comprising the system —

Railway.	Tons carried				Total Goods Earnings in Rupees			
	1924-25	1925-26	Increase.	Decrease	1924-25	1925-26	Increase	Decrease
Jodhpur Ry	813,048	571,504		241,544	48,25,576	30,65,521	.	17,60,055
Jodhpur - Hyderabad Railway	506,213	337,706	..	168,507	17,16,670	11,42,306	..	5,74,364
Mirpurkhas-Jhudo Ry.	27,935	32,695	4,760	.	1,30,882	1,52,204	21,322	...
Mirpurkhas-Khadro Ry	9,023	10,471	1,448	.	26,705	35,084	8,379	..
Pipar Bilara Light Railway	4,912	6,500	1,588	..	14,675	12,320	..	2,355

The decrease in the weight of goods carried and the earnings arising therefrom during 1925-26 is due to the poor cross traffic from the United Provinces for export *via* Karachi and to the poor cross traffic from the Bikaner State for either export *via* Karachi or routed *via* Maiwar Junction. This cross traffic in 1924-25 was extremely brisk.

The increase in goods traffic on the Mirpur khas Khadro line was due mainly to an increase in traffic in cotton raw, wheat, jowar, and bajra, rice in husk and sugar refined and unrefined, while that on the Mirpur khas Jhudo line was due mainly to an increase in traffic in wheat, jowar and bajra, rice not in the husk, oil seeds, iron and steel wrought, sugar refined and unrefined.

The statement below shows the tonnage hauled and earnings by commodities —

	1924-25	1925-26	1924-25	1925-26	Difference	
	Tons	Tons	Rs	Rs	Tons	Rs
<i>Fuel —</i>						
1 Coal and coke and patent fuel		2,678		11,597	+ 2,678	+ 11,597

31 Total (excluding live stock)	780,863	582,346	63,25,459	41,73,981	-198,517	-21,51,478
32 Live stock		1,973		23,810	+ 1,973	+ 23,810
33. Materials and stores on Revenue account		172,537		1,97,259	+172,537	+1,97,259
34. Grand Total	780,863	756,856	63,25,459	43,95,050	-24,007	-19,30,409

The very small volume of cross traffic accounts for most of the large decreases with the exception of those shown under salt and cotton. The diminution in salt traffic is due to the vast extensions to and the stabilization of the Sambhal supply.

The rates for this traffic have been considerably reduced but the increase or almost entire disappearance of this traffic now rests in the hands of the Salt Department.

The cotton year in Sind was a very poor one. —

**Train Miles** — Statement below shows train miles for the year ending 31st March 1926 compared with the corresponding period of the previous year —

Description			1924-25	1925-26.	Difference
			Miles	Miles.	Miles
Passenger	...	...	367,523	372,360	+4,837
Mixed	..	...	839,299	858,543	+19,244
Goods	...	...	928,423	429,500	—498,923
Departmental	...	...	25,985	13,675	—12,310
Total ..			2,161,230	1,674,078	—487,152

The very marked diminution of cross traffic both *via* Kuchaman Road and from the Bikaner State has resulted in the goods train miles dropping from 928,423 to 429,500 *ie*, a decrease of 498,923 goods train-miles or approximately 53 73 per cent.

**Analysis of working expenses** — The working expenses of all the Railways comprising the system fell from Rs 68,43,020 in 1924-25 to Rs 65,31,471 in the year under review.

This was, however, mainly due to the reduction in train-mileage resulting from the marked diminution in cross traffic and the consequent reduction in coal consumption.

The working expenses by departments during the year under review as compared with those during the previous year were as follows. —

Department.	W o r k .	E X P E N D I T U R E					
		M E T R E - G A U G E .			N A R R O W - G A U G E		
		1924-25	1925-26	Difference	1924-25	1925-26	Difference
Engineering	Maintenance of way and works ...	Rs 12,58,625	Rs 15,76,711	Rs +3,18,086	Rs 11,568	Rs 10,090	Rs —1,478
Locomotive	Maintenance and renewal of engines, cost of fuel and other expenses attached to motive power ..	30,04,606	23,26,639	—6,77,967	12,958	8,908	—4,050
Carriage and Wagon	Maintenance and running of carriages and wagons .	8,06,816	8,46,956	+40,140	1,289	2,013	+724
Traffic . ..	Commercial and Transportation	10,44,668	8,80,886	—1,63,782	5,323	5,469	+146
Agency and Others	Agent's office expenses, Audit, Medical and Police charges ...	4,32,289	4,92,251	+59,962	569	533	— 36
Miscellaneous	Law charges, compensation, contribu- tion to Provident Fund etc. ...	2,64,046	3,80,588	+1,16,542	263	427	+164
	Total ..	68,11,050	65,04,031	—3,07,019	31,970	27,110	—4,530

It will be observed that the principal increases occurred under.—

- 1 Engineering
- 2 Carriage and Wagon
- 3 Agency and Others.
4. Miscellaneous

### 1 *Engineering.*—

In so far as the Metre-gauge is concerned, the increase under Engineering amounts to Rs 3,18,086.

This increase was due mainly to —

An increase under replacements and renewals of Rs 2,78,586 and  
under ordinary repairs and maintenance of Rs 41,940

The main reasons for the increase under replacements and renewals are the relayings, remodelling of yards and renewal and replacement of guides.

### 2 *Carriage and Wagon.*

In so far as the Metre-gauge is concerned, the increase under maintenance and running of carriages and wagons amounts to Rs 40,140

This increase is mainly due to an increase in operating expenses.

### 3 *Agency and others* —Rs. 59,962

The increase is due mainly to increase in fees paid to the Consulting Engineers, to an increase in leave allowances, increase in Agents' Audit and Stores' offices, contingencies and carriage of revenue stores

### 4 *Miscellaneous* Rs 1,16,542

The increase is due mainly to an increase in interest on buildings, increase in subscriptions to the Provident Fund and in gratuities paid, to an increase in expenditure on sanitation and in freight and insurance on stores and interest on stores and machinery.

It will be observed that the main decreases occurred under —

### *Locomotive* —

In so far as the Metre-gauge is concerned the decrease under maintenance and renewal of engines, cost of fuel and running stores and other expenses attached to motive power amounts to Rs 6,77,967

This decrease, as will be seen, was mainly due to the reduction in train mileage resulting from the marked diminution in cross traffic and the consequent reduction in the consumption of fuel and running stores

The decrease under operating expenses was Rs 6,05,831 while that under ordinary repairs and maintenance was Rs 1,13,965.

**Working Expenses.—**

Heads	Metric-gauge		Narrow-gauge.	
	1924-25 Rs	1925-26 Rs	1924-25 Rs	1925-26 Rs
General administration ..	8,60,485	10,17,081	1,427	1,598
Ordinary repairs and maintenance	20,45,532	18,35,527	14,291	9,613
Operating expenses other than fuel ..	17,79,705	17,44,463	7,812	8,062
Fuel ..	15,18,842	9,50,324	4,615	4,067
Renewals and Replacements ..	6,06,486	9,56,636	3,825	4,100
Total working expenses ..	68,11,050	65,04,031	31,970	27,440
Deduct—Non-budget worked lines	1,77,626	1,98,908	..	..
Suspense ...	60,159	—1,91,379	102	—103
Net working expenses .	66,93,583	61,13,744	32,072	27,337

The main increases are,—

- 1 General Administration . . . Rs 1,56,596
- 2 Renewals and Replacements ... .. „ 3,50,150

The increase in General Administration is due mainly to the recruitment of new officers and probationary officers, and to the granting of the Lee Commission. That under Renewals and Replacements to relaying, the replacement of old and worn out coaching stock, machines and engines and to renewal of bridge girders and remodelling of yards.

The main decrease is under —

Fuel. Rs 5,68,518

This, as has previously been pointed out is due to the reduction in train mileage resulting from the marked diminution of cross traffic.

**Capital Expenditure (Final Heads) for the year 1925-26 —**

Heads.	Expenditure on			
	Jodhpur Railway		Jodhpur-Hyderabad Railway	
	1924-25	1925-26	1924-25	1925-26,
	Rs	Rs.	Rs	Rs
1 Structural Engineering works .	5,95,742	11,29,438	2,73,146	3,86,906
2 Equipment ..	1,77,927	2,47,348	1,169	3,567
3 Rolling-Stock ..	13,66,303	14,88,163	..	..
4 General charges .	7,359	3,093	..	..
5 Collieries ..	..	..	—11,756	..
6 Miscellaneous (Exchange) .	..	..	..	..
Total	21,47,331	28,68,042	2,62,559	3,90,473

Attention is drawn to the heavy capital expenditure being incurred against structural engineering work and rolling-stock.

### *Stores Balances —*

The total value of Stores Balances on 31st March 1926 as compared with those of the corresponding date of the previous year are shown below —

Year.	Stores Balances.		
1924-25	.	...	. Rs 15,27,118
1925-26	.	.	. „ 19,89,577
Difference (Increase)	..	.	„ 4,62,459

This increase is the direct result of the very heavy fall in traffic and the consequent diminution in coal consumption.

A sum of Rs 4,48,063 in the above sum is due to coal and timber.

The excess in coal is due to diminution in consumption due to a very heavy decrease in goods train-mileage That in timber to the purchase of timber required to meet the demands of a heavy coaching stock building programme.

### *Staff —*

The total number of employees at the end of the financial year 1925-26 was 7,239 as compared with 7,388 in the previous year

The distribution between Europeans, Anglo-Indians and Indians is as shown below —

Particulars			Staff and Cost			
			1924-25		1925-26	
			No	Cost.	No.	Cost
				Rs		Rs
Europeans	...	.	25	..	27	..
Anglo-Indians	...	..	19	..	17	✓
Indians	..	.	7,344	..	7,195	.
Total			7 388	24 35,731	7,239	25,38,206

### *Compensation Claims*

Particulars.		Amount paid	
		1924-25	1925-26.
		Rs	Rs
Jodhpur Railway	..	11,051	5,767
Jodhpur-Hyderabad Railway ( British Section )	.	4,514	2,628
Total		15,565	8,395

The reduction in claims paid is due partly to diminution in traffic, and partly to the greater attention given to this work particularly to the causes which give rise to claims for compensation. A separate Watch & Ward Department created, the rivetting of wagons, the increased detailed attention paid to the investigation of claims cases and the increase in severity of the disciplinary action taken with the staff at fault has resulted in a general improvement in this work and a corresponding reduction in the amount paid in compensation.

### Improved Facilities on Open Line.

**Remodelling of Yards**—Considerable progress has been made in the remodelling of Jodhpur yard. This will be completed during 1926-27.

The new Loco Running Shed and Yard is on the verge of completion. It is anticipated that it will be brought into use on or about June 15th, 1926.

The extension to the goods-shed yard and platform is about to be completed. This fills a long-felt want and eliminates a most fruitful source of congestion during the rush period.

The remodelling of these yards should greatly facilitate the quick handling and transit of wagons.

**Luni Yard**—The work on this yard is progressing slowly at present, but on completion of the new bridge at Luni Junction, the remodelling of this yard will be greatly accelerated.

It is anticipated that the major portion of the work will be completed during 1926-27.

This yard is of particular interest in that, when completed, it will be the first "hump" yard to be brought into operation on the Jodhpur Railway.

**Merta Road**—The remodelling of this yard has been completed. The stocking accommodation, shunting and marshalling facilities have been appreciably increased.

**Hyderabad (Sind)**—The new Loco yard has been practically completed. Very little progress has, however, been made in the remodelling of the Traffic yard. This was mainly due to the delay in according sanction to an agreed plan. This has, however, now been obtained, and it is anticipated that appreciable progress will be made during 1926-27.

The want of adequate accommodation and facilities at Hyderabad (Sind) is an acutely felt want.

**Sidings**—Practically all sidings, with the exception of those on the Merta Road-Chilo Section, have now been brought up to full standard dimensions.

The sidings on the Merta Road-Chilo Section will be completed during 1926-27

New crossing stations at Hanwant and Basni (on the Jodhpur Railway) and Ratanabad and Kamao Shauif were completed and that at Janiana commenced.

**Staff Quarters** —Appreciable progress has been made in meeting the actual shortage in staff quarters.

**Station Buildings.**—The third class passenger shed at Jodhpur has been enlarged and improved

The construction of the new station building at Raika-Bag Palace has been commenced This work should be completed by 1-7-1926

Passenger sheds were completed at Shadipalli, Jhudo and Jhol and the construction of that at Pithoro commenced

**Workshops and Stores** —The workshops have been largely extended and appreciably re organised

The main extensions to these shops are paractically complete, the Brass and Iron Foundries have been separated, the new Paint Shop completed and the electrically operated traverser brought into use.

Certain minor extensions to the Saw Mill are at present being carried out, and necessary alterations to the water supply arrangements are being effected

The main additions to Stores are complete but certain minor alterations and additions are being carried out

The re-organization of this department is approaching completion.

**Water Supply** —As a result of the construction of the new Loco shed at Jodhpur considerable modifications have been made in the arrangements for water supply at Jodhpur These alterations are rapidly approaching completion

The installation of tubes at Merta Road has appreciably increased the volume of available supply at that station

A new well is being sunk at Marwar Pali to augment the scanty supply available on the Marwar Junction—Luni Junction Section

A new well will be sunk at Samdari This, in addition to meeting the demands of the Samdari—Bhimmal Line, will render the supply, on the Luni Junction—Balotra Section, being adequate

Boings on the Barmer—Khokhropar Section have, up to the present, proved a failure

A new well will be sunk at Barmer in 1926-27 at the site recommended by Mr Tipper of the Geological Survey

Markedly increased attention is now being paid to the measurement and control of water consumption

Most of the water used on this Railway for boiler feed purposes is extremely saline. The installation of water softeners is, however, contemplated

*Signalling and Interlocking*—Most of the yards are now isolated. The fitting of Warner signals has been commenced and it is anticipated that, by 1927-28, all stations on the main line will be so fitted

*Miscellaneous and Unforeseen*.—The main Line from Luni Junction to the Sind frontier on the Jodhpur Railway and from the Sind Frontier to Hyderabad (Sind) on the Jodhpur-Hyderabad Section is being relaid with 60 lb rails. The programme of relaying of the Jodhpur Section will be considerably accelerated on and from 1926-27

In addition the Jhudo Line is being relaid with 50 lb rails and a start has been made with the relaying of the Degana-Sujangah Section with 50 lb rails.

*Luni bridge*.—The replacement of the old cause-way bridge over the Luni river by a high level girder bridge is approaching completion

It is anticipated that this new bridge will be brought into use in July 1926

The girders of all smaller bridges and all culverts are being replaced by those capable of standing up to the increased loads

The question of ballasting is receiving close attention

*Plant and Machinery*—Obsolete and worn out machines in the Railway workshops are being rapidly replaced by machines of modern up to date types, many of which have independent electric drive. A new Electric Welding Plant has lately been installed

It is anticipated that, by the end of 1927-28, most of the necessary replacements will have been effected

*Rolling-Stock*—The separation of the Jodhpur and Bikaner Railway systems resulted in an acute shortage of rolling-stock, particularly coaching stock, on this Railway. Every endeavour, however, is being made to accelerate the construction of the coaching stock required and it is anticipated that by the end of the 1927-28 the greater part of the shortage therein will have been made good. Particular attention is being paid to this subject

The following statement shows the new rolling stock placed on the line during the year ending March 31st, 1926.—

Statement showing number and tractive efforts of Locomotives up to  
31st March 1926

Type of Locomotives						Total No of eng- ines owned	Average tractive effort	Total tractive effort
E	Class	.	..	..	...	1	6,557	6,557
E,	"	(Saddle Tank)			...	1	6,557	6,557
E. E	"	...	.	.	.	7	8,450	59,150
F.	"	..	.	..	.	12	9,685	116,220
F O.	"		.	.	.	12	7,766	93,192
Q	"	.	.		.	6	8,351	50,106
M.	"	.		..	...	11	11,602	127,622
P	"		.	...	.	21	11,823	248,283
M. S.	"	..	.	.	...	10	15,957	159,570
S P.	"		..	..	..	10	14,291	142,910
H G	"	(Mikado)	.		...	5	19,584	97,920
H G.	"	(Nasmyth)		.	...	1	20,825	20,825
T	"	(Tank Engine for shunting)			...	2	17,613	35,226
						99		1,164,138

The number of H Gs shown as placed on the line is 1. Actually six had been purchased but only one had, by the end of the year under review been erected and placed on the line. These engines in addition to the Baldwin Locomotives purchased during 1924-25 are each capable of hauling 70 loaded goods vehicles. These in addition to engines of a similar type to be purchased during 1927-28 will render it possible for this Railway to cope with the heaviest cross traffic both via Kuchaman Road and from the Bikaner State.

It will in addition be observed that the goods stock has been appreciably increased.

The purchase of a Travelling Crane has filled a long felt want.

**Electric Head Lights**—We have at present 12 engines fitted with sunbeam electric engine head lights.

It is anticipated that by the year 1928-29 most of the engines in use of the main line will be so fitted.

**Vacuum Brakes**—The Sind Mail and 11 Up & 12 Down are now vacuum fitted in addition to which most reservation stock is so fitted.

The fitting of vacuum brakes is being gradually extended to all main line coaching stock and it is anticipated that by the close of the year 1927-28 most main line trains will be so fitted.

**Electric Fans**—These are now being fitted to all 2nd class compartments.

**Train Running**—Considerable improvement has been effected in train running. This, it is anticipated, will be farther improved by the installation of Telephonic Train Control and the fitting of Warner Signals.

The running of the Sind Mail from Hyderabad (Sind) to Ahmedabad has proved very satisfactory.

It is proposed to introduce a similar service between Hyderabad (Sind) and Delhi in the near future.

At present one through Bogie third class runs between Hyderabad (Sind) and Agra Fort and another through Bogie third class between Hyderabad (Sind) and Delhi, while a thorough Bogie third class with brake van runs between Ahmedabad and Bikaner.

It is proposed, in the near future, to run a through Bogie third class to the Kathiawar Railways from Hyderabad (Sind) and another from Kuchaman Road to Ajmer.

The principle of running through coaches between this Railway and other Railways will be extended <sup>as the</sup> way possible.

**Accident and Floods**—There were no serious accidents during the year under review and no serious interruptions due to floods.

**Training of Staff** —The extension of the capacity and scope of the telegraph training staff is contemplated in the near future

One officer will, if possible, attend the Chandausi course this cold weather. It is proposed that, on Mr. O'Callaghan's return, weekly lectures will be delivered on Audit and Accounts at which officers and senior subordinates of all departments will attend.

**Lines Under Construction** —The survey of the section Samdani to Jalore of the Samdani-Bhimmal Project has been completed and the detailed estimate is under preparation.

An extension to the Suisagar quarry siding is under construction and surveys of farther extensions are being carried out.

**Publicity** —There is not much scope for publicity on this Railway at present but the matter is receiving attention.

**Safety first** —Certain rules have been issued in so far as the Workshops are concerned. Rules regarding the Engineering, Traffic, Loco Car and Wagon Departments will shortly be issued.

**General** —Mr. Warren proceeded on 18 months' leave preparatory to retirement on 28th January 1926. Mr. O'Callaghan on 10½ months' leave on 17th March 1926 and Mr. Tarleton on 7 months and 10 days' leave on 13th March 1926.

I regret to record the resignation of Captain R. G. Cazalet, Executive Engineer. The Durbai and the Jodhpur Railway have thereby lost the services of an efficient officer.

During the year two senior Indian subordinates of the Traffic Department have been temporarily promoted to officiate in the superior grade and two Indian Probationary Assistant Traffic Superintendents have been recruited.

I have the honor to be,

SIR,

Your most obedient servant,

J. W. GORDON,

~~MANAGER~~

Jodhpur Railway
